Name: ....

	Requirement	Task 1	Task 2	Task 3
Use of Programming techniques	All tasks attempted			
	Uses most techniques listed			
Efficient use of programming techniques	Techniques used are appropriate in all cases			
	Solution is efficient			
	Solution is fully functional			
Design	Detailed analysis of requirements			
	Justified approach to solution			
	Complete set of Algorithms			
	Algorithms are detailed			
	Discussion of test plan / strategy			
	Test plan relates to success criteria			
	Variables & data structures discussed			
	Validation discussed			
Development	Evidence of development			
	Systematic testing during development			
	Fully functional solution			
	Code is well organised			
	Meaningful variable names			
	Code annotated to describe function			
Testing	Test plan covers major success criteria			
	Evidence of all testing completed			
	Any issues resolved			
	Resolved issues retested			
	Full evaluation against success criteria			
	Written communication			
	Specialist / Technological terminology used accurately			
	SPaG			
	Well presented			
	Structured & coherent			
	Formatting			
	Evaluation of group work
